## Compliance Requirements List

The purpose of this test is to verify if all selected entries (country, product categories, and specifications) appear correctly in the Compliance Requirements Lists.

**Selected categories:** Electronics, Fitness Products, Packaging (EU & US)

**Product page:** All entries appear

**PDF report:** All entries appear

## Source link monitoring

1. Determine if there are broken and/or redirected links in the compliance requirements list and in the templates.
2. Replace the links with relevant links, if broken and/or redirected links are found.
3. [This document](#) explains how we monitor broken and redirected links.

## Result

1. We identified 2 new broken links and 2 new redirected links. We will update them, according to the table below.
